PROFESSIONAL SUMMARY

- Aspiring Full-Stack Web Developer and B.Tech (CSE – Data Science) student with hands-on experience in developing modern web applications using React, Next.js, and Node.js. Strong foundation in problem-solving, teamwork, and agile development, with a passion for creating efficient and user-centric solutions. Eager to leverage technical skills and enthusiasm for learning through challenging internship opportunities.

TECHNICAL EXPERTISE

Programming & Language :

- Language : JavaScript, Python ,Java, C language,HTML

Web Development :

- FrontEnd : HTML, CSS ,javascript , Reactjs,Tailwindcss
- BackEnd :Firebase,Nodejs,Expressjs

Databases: MySQL, ChromaDB, Vector Databases

Data Analysis: NumPy ,Pandas ,EDA

AI &LLM: LangChain, Retrieval-Augmented Generation (RAG), Prompt Engineering, Mistral AI

Tools & Other : Canva , Git & Github Postman ,Visual Studio

EDUCATION

BTech in computer science with specialization in data science

[JSS Academy of Technical Education], [Noida/Uttar Pradesh]

2024 – 2028

Grade XII :DAV Public School 93.8%

Grade X:DAV Public School 97%

PROJECTS

- Event Connect Website** : Developed a platform for browsing, saving, and liking events with organiser profiles. Implemented secure authentication, multi-image carousel (Instagram-style), and role-based access using React, Express, and MongoDB.
- JOB Portal website** : Developed a full-stack job portal web application enabling job posting, candidate applications, and role-based authentication using MERN stack.
- Resume Website** : Designed and deployed a personal portfolio website showcasing projects, skills, and achievements. Built with React and TailwindCSS.
- ResearchGuru** : ResearchGuru is an AI-powered research assistant that leverages Generative AI with LangChain, integrating Mistral AI and Tavily API. The system allows users to input a topic → searches the web using Tavily → generates a concise summary using Mistral AI → serves results through a FastAPI backend → consumed by a React.js frontend.

EXPERIENCE

SIH participation |2025

- Collaborated with a team to design and present innovative solutions.
- Contributed to frontend development and idea pitching in a competitive environment.
